KHLOÉ AND LAMAR

FIGHTING FOR LOVE... OR MONEY?

WITH THEIR UNSIGNED 2013 DIVORCE PAPERS ABOUT TO EXPIRE IN COURT, A SOURCE REVEALS WHAT'S REALLY KEEPING THEM TOGETHER

She just can't quit him! Sixteen months after filing for divorce from Lamar Odom, Khloé Kardashian has taken no further action to end her marriage, and the judge is ready to dismiss the case entirely. But, though Khloé, 30, continues to profess her love for 35-year-old Lamar, OK! has learned that her hesitation to finalize their divorce has more to do with her wallet than her heart. "Khloé has been holding out because she's trying to get every penny out of Lamar that she can," an insider says. "Lamar is in no condition to fight over money, but he refuses to give in to her manipulation. So they're at a stalemate."

On April 2, Khloé told an interviewer that she "will never, ever not love

Lamar... He was my husband, and I wish he still was." Mixing their messages further, the couple have been meeting secretly in out-of-the-way places. "Khloé would have loved to get back with Lamar," the insider says, "and of course he hooked up with her; that's what guys do. He was hoping they could walk away from the situation with no hard feelings. But in Khloé's eyes, if she can't have him, she will try to make his life miserable by leaving with more money."

One bone of contention is the Miami mansion Lamar bought for \$3 million shortly before he and Khloé wed in 2009. "That's the thing she is pushing for the most," says the insider. "So far

he has refused to sign it over, but he's playing nice in hopes that Khloé will back down. She has told him that she can play this game as long as he wants to; she's in no rush."

Lamar is now clean and sober, but "he's still in a fragile state," says the insider, "and the last thing he needs is for Khloé to bleed him dry. He even lives with a friend because he isn't ready to be on his own yet." As for Khloé, "she learned from the best when it comes to these games," the insider adds. "Kris [Jenner] is a mastermind when it comes to moneymaking schemes." **OK!**

The troubled couple are at odds over this 8,600-square-foot Miami mansion.

THE LATEST CELEB NEWS

INSIDER

When a fan asked online if the video was fake, RiRi hit back, saying it was real, but an Instagram user had “posted it with a caption full of defamation.”

RIHANNA'S DRUG SCANDAL

When you're as famous as **Rihanna**, what happens at Coachella doesn't always stay there. On April 14, a video of the star partying at the music festival quickly went viral after fans speculated that she may have been caught snorting cocaine. In the video, the singer sits at a table, fiddling with a tubelike object. After the recording cuts to her friends, it pans back to Rihanna, who is holding her nose.

But RiRi quickly denied the allegations, claiming she was smoking pot instead. “Any fool could see that’s a joint that I’m basing with a cigarette,” she shot back at a fan who instigated the accusations.

While the singer has never been shy about her marijuana use, an insider tells *OK!* that, in this case, she may not be off the hook. “Wild weekends like Coachella always bring out the bad girl in her,” says the insider. “But these days she’s running with a sketchy crowd — and her loved ones worry that she may have moved on to harder drugs. They really want her to go into detox, even for just a few days to clear her head.”

The scandal couldn't have come at a worse time for Rihanna, who is currently starring in the DreamWorks family film *Home*. “She’s in the middle of coaxing a big deal out of Disney,” dishes the insider. “She doesn’t need this kind of negative publicity.”

RiRi was also spotted smoking a suspicious cigarette at Coachella.

DEMI OBSESSED WITH EXERCISE!

After struggling with substance abuse and eating disorders as a teen, a fit and happy **Demi Lovato** proudly marked three years of sobriety on March 16. But an insider tells *OK!* that despite touting a healthy lifestyle on social media, the singer has taken her exercise routine to extremes. “Demi has become obsessed with working out,” reveals the insider. “She’s convinced herself that she’s just being healthy by spending so much time at the gym, but she’s really putting a strain on her body.”

Given Demi’s history of addiction, friends worry that her intense passion for fitness could potentially turn into a big problem. “Demi does keep a healthy diet these days, but she freaks out if she misses a workout,” says the insider. “She needs to slow down before this fixation with staying in shape gets out of hand.”

Demi’s weight loss is no surprise to fans, as she regularly shares selfies from grueling workout sessions on Instagram.

Nick even promoted his album by appearing at several gay nightclubs.

NICK A GAY ICON?

Nick Jonas is all grown up — and has a whole new audience! An insider reveals that in a bid to reinvent himself, the onetime teen idol has been unabashedly courting the gay community. “Nick has always supported LGBT rights and was excited for the opportunity to really embrace his gay fans,” says the source. In his desire to be viewed as an adult heartthrob, Nick’s done several racy shoots to support his solo album and took a TV role as a closeted MMA fighter on *Kingdom*. Adds the source: “Nick is making a huge effort to do things that will make gay fans excited about his career — and it’s paying off!”

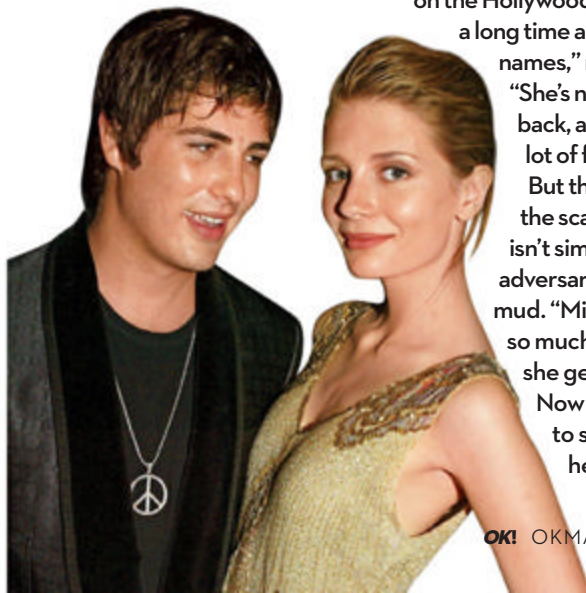

MISCHA’S SHOCKING TELL-ALL

Sounds like *The O.C.*’s hard-partying **Marissa Cooper**’s got nothing on **Mischa Barton**. Sources tell *OK!* that the former *It Girl* is hard at work on a tell-all in which she’ll spill everything, from her famous exes (like **Brandon Davis**, left) to her recent lawsuit against her momager, Nuala. “Mischa was on the Hollywood party scene for a long time and has dirt on big names,” reveals an insider.

“She’s not going to hold back, and it’s making a lot of folks nervous.”

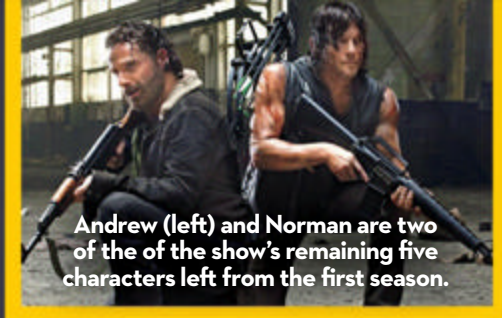

But the insider insists the scandalprone actress isn’t simply trying to drag adversaries through the mud. “Mischa’s overcome so much, and she knows she gets a bad rap.

Now she wants people to see things from her perspective.”

WALKING DEAD STARS FACE THE AXE!

Andrew (left) and Norman are two of the show's remaining five characters left from the first season.

Spoiler alert! *The Walking Dead's* two male leads may have survived the mayhem of last month's season finale, but an industry insider reveals that both Andrew Lincoln and Norman Reedus know their time may soon be up. "Producers don't want viewers to feel safe in thinking that the characters they love best are never going to bite the dust," shares the insider. "The show takes place in a brutal, postapocalyptic world, and they want fans to focus on the overall story line, not one particular character."

Another source tells OK! that between the two, British star Andrew would be the easier to send packing. Not only is his family still based in the U.K., but producers also fear a revolt if the show's resident heartthrob, Norman, is killed off. "He gets more fan mail than all the other cast members put together," says the source.

"Seeing her dad try theater for the first time really inspired Tallulah," says the insider.

TALLULAH'S BROADWAY DREAMS

Her sister may be heating up the dance floor, but OK! has learned that Tallulah Willis has her heart set on the stage! With her dad, Bruce, set to make his Broadway debut in *Misery* this fall, a source reveals that his youngest daughter has been begging him to hook her up with his connections in the theater world. "Tallulah asked Bruce to put some feelers out for any NYC comedic productions," says the insider. "Since completing rehab last year, she's pushed her career to the forefront, and her dad loves her focus, so he's open to helping her out any way he can." In fact, Bruce is even angling to get her a small role in *Misery*, just so she can get her feet wet. "Tallulah is ready and willing to step out of her comfort zone," adds the insider.

ZOË'S MONEY BATTLE

Guardians of the Galaxy may have catapulted Chris Pratt to megastardom, but his costar Zoë Saldana doesn't believe he should get a bigger raise than she does for the sequel. A source says that the actress, initially the bigger name, earned twice Chris' \$2 million for the first film, but Marvel plans to pay both of them \$5 million for the next installment — even though the director has said Zoë's character will play a bigger part this time. "Zoë's prepared to walk away if she's not paid proportionally to her original fee," shares the source.

"The first movie made serious cash. She's not going to let the studio roll over her."

"Marvel hates bad publicity," says the source. "If she exits, they'll chalk it up to conflicts with her schedule for *Avatar 2*."

COUPLES NEWS

Sofia Vergara thought her ex **Nick Loeb** was ancient history. But the Onion Crunch mogul has come back to bite her with a bizarre lawsuit contesting the fate of embryos they froze in November 2013.

According to documents filed three months after their May 2014 split and again when the case was amended in early April after Nick hired new representation, the former couple had signed a form indicating the frozen embryos would be destroyed in the event of either partner's death; but they never decided what would happen if they separated.

Now a pro-life Nick, 39 — whose suit contains shocking allegations that Sofia forced him to sign the embryo agreement and was physically and verbally abusive throughout their relationship — is determined to wrest control of the fertilized eggs, to prevent his 42-year-old ex or the fertility clinic from discarding them.

"Sofia's heartbroken," says a source, who adds that the suit is a very stressful distraction from the actress' wedding planning with fiancé **Joe Manganiello**, 38. "She can't believe Nick would do this. It's all the more painful because she wants to start a family with Joe."

Nick claims Sofia punched and kicked him, threw a phone at his face and bullied him by calling him names like "loser."

When Nicole returned to the Australia set of *Lion* after a trip home, a source says, her cosmetics bag was a lot lighter!

Nicole tells Keith:

STOP USING MY MAKEUP!

You'd think if someone in Nicole Kidman's family "borrowed" her beauty products without asking, it would be one of her young daughters. But when Nicole, 47, noticed her favorite eyeliner and bronzers had vanished and realized her husband, **Keith Urban**, was

the culprit, she told him to buy his own! An insider says, "Nicole is cool with his metrosexual ways, but sometimes it gets on her nerves." For his part, Keith, 47, laughed it off, the source adds: "He's secure enough in his manhood to rock some guyliner. He thinks it's edgy!"

Selena & Orlando

Though she recently gushed in an interview about her rumored beau, DJ **Zedd**, a source says **Selena Gomez**, 22, can't quit casual hookups with **Orlando Bloom** — despite the fact that they're only bringing her heartbreak. "Selena loves the attention from Orlando and says the sex is great," the insider reveals. "But she's fooling herself if she believes it's healthy. She's not as tough as she thinks." The source adds that Selena wants to be the 38-year-old actor's girlfriend, but he's not game, "so she's taking what she can get."

Selena "ends up feeling used" after seeing Orlando, a source says.

COMFORTS TAYLOR

Taylor Swift's world has turned upside down since she found out that her mother, Andrea, was diagnosed with cancer — but her new boyfriend, 31-year-old DJ **Calvin Harris**, has been her rock. "Taylor hasn't been with Calvin that long, so she had no idea what to expect from him," a source explains to OK!. "But he's been incredible, bringing her comfort food and holding her while she cries." The source adds that Calvin has been spending all his time between gigs by the 25-year-old singer's side and even met her family in Nashville. "He's stepped up to the plate and is proving to Taylor that she made the right choice by letting him into her life," the insider says.

Elizabeth & Jeremy **SECRET AFFAIR?**

Hawkeye and Scarlet Witch may not be a superhero couple, but sources say the on-set attraction between *Avengers: Age of Ultron* stars **Jeremy Renner**, 44, and **Elizabeth Olsen**, 26, is the reason her engagement to **Boyd Holbrook** ended. "Lizzie and Jeremy became supertight while they were filming and have been hanging out since," an insider says, adding that Elizabeth's friends were surprised she split from Boyd, 33, and worry she might get hurt. "Jeremy's not known for long-term relationships."

Sources say Matt wasn't thrilled about Dakota's *Fifty Shades* sex scenes!

Dakota & Matthew **REUNITED**

When it comes to relationships, **Dakota Johnson** knows things aren't always black and white. Case in point: The actress has been seeing an awful lot of her ex **Matthew Hitt** lately. The pair were spotted walking Dakota's dog, Zeppelin, together in NYC on April 9 and kissing at East Village bar The Cabin Down Below two days later. "They didn't seem to have a care in the world — talking, drinking and laughing all night," a witness says. "They looked so happy." Dakota, 25, and 27-year-old musician Matt began dating last summer, then broke up early this year due to Dakota's hectic *Fifty Shades of Grey* schedule. But an insider tells OK!, "Now that things have slowed down, they're in a good place." A witness at the bar reported that they left in the same cab around 2:30 AM, adding, "I think it's safe to say they spent the night together."

George never expected to have kids; but when he met Amal, everything changed.

EXP

AT 53, **GEORGE CLOONEY** — LONG CONSIDERED ONE OF HOLLYWOOD'S MOST ELIGIBLE (AND STEADFAST) BACHELORS — IS FINALLY STARTING A FAMILY! READ ON TO FIND OUT ALL ABOUT HIS AND **AMAL**'S BABY JOY

GEORGE & AMAL THEY'RE EATING!

For years, **George Clooney** told pretty much anyone who asked that he'd never get married again. "I've proven how good at it I was," he joked to talk show host **Piers Morgan** in 2011, referring to his short-lived union with actress **Talia Balsam**, which ended in 1993. "I'm allowed one." He also said, back in 2006, "I don't see myself ever having kids." But, as he noted in early 2014, "People just don't want to believe me."

Rightly so, it seems: Just a few months after making that last comment, he was engaged to 37-year-old lawyer/activist **Amal Clooney**. And now, a source says, 53-year-old George is finally going to be a father. Yes, Amal is pregnant!

IT HAPPENED SO FAST

The news, while happy, was a bit of a surprise to the couple. They'd begun trying — or at least, not preventing — shortly after their September wedding, but, as the source puts it, "George was concerned that not everything was in working order; he thought that maybe

THEIR NYC LIFE

Right now, the newlyweds are living in New York, while George shoots a movie with **Julia Roberts** and Amal works as a visiting professor at **Columbia Law School**. Of course, they've also made plenty of time for fun and romance!

They've dined at every hot eatery in town, including **Mario Batali's Babbo...**

On April 12, Amal stopped by the **Money Monster** set.

...and they've seen friends like **Tina Brown** and **Bill Murray**.

they would need some help [to conceive a child].”

However, the source continues, that “turned out not to be the case.” And now that Amal is nearing the end of her first trimester, they’ve started to tell their friends. “They said they were going to wait until she was at least four months along,” the source reports, “but once they had the first scan, they weren’t able to contain themselves.”

Tellingly, George’s parents, Nick and Nina, the first to get the news, were convinced that he was kidding when he informed them that they were going to be grandparents. “They thought it was another one of his practical jokes,” the source says. “But once he convinced them that he was serious, they were absolutely overjoyed.” Amal’s parents, Ramzi and Baria, were less skeptical: When they heard the news, her mother said that she’d already guessed it!

WHY HE CHANGED HIS MIND

If so, she was one of the only ones: Even after George proposed to Amal, a lot of people assumed he’d been serious about never wanting children. “I don’t think I have that thing in me that says, ‘must do it,’” he said in 2006.

But even then he allowed for the possibility that his feelings might change. “Everything in my life has changed over periods of time,” he admitted. And that’s exactly what happened when he fell for his new wife. “He didn’t think that he would ever feel this way,” the source acknowledges, “but that’s because he was dating the wrong people. Since finding Amal, everything shifted. He says she’s the perfect woman, and he’s finally ready to be a father. It has surprised him as much as anyone else!”

“As soon as he met Amal, he could see her as a mother and himself as a father,” the source continues. (Certainly it’s not hard to imagine that George was more eager to reproduce with the brilliant, internationally renowned barrister than some of the other women he’s dated over the

years.) “They spoke about children before they were even married and decided that it was what they wanted, as long as it could happen naturally for them.” And because of their relatively advanced ages, they didn’t want to waste any time. “They wanted to start sooner rather than later,” the source

says. “They don’t want to be too old to enjoy parenthood!”

HE PLANS TO BE HANDS-ON

Now that George has decided to start a family, the source says, he wants

AMAL’S CHIC MATERNITY STYLE

At just 12 weeks pregnant, Amal is barely showing. But it’s a sure thing that the superstylish lawyer, whose every ensemble is chronicled by fashion blogs and magazines, will be setting maternity trends over the next six months. So far, she’s been relying on cozy coats to keep her mini bump under wraps (skinny-legged pants create an illusion of overall slimness), but as the weather warms – and her tummy grows – she’ll probably start to show off her changing shape.

Amal's very close to her sister, Talam (left).

Rande and Cindy are George's BFFs...

...but Brad has long encouraged him to have a family!

MEET THE GODPARENTS

One subject on which George and Amal aren't totally in sync? Godparents! They've already started discussing candidates, but while George would prefer his longtime pals **Rande Gerber** and **Cindy Crawford**, Amal would like to ask her sister, Tala. (In Tala's favor: She's already begun planning a lavish baby shower for the pair, to be held at NYC's grande dame hotel, The Carlyle!) George has also floated the idea of **Brad Pitt**, but Amal isn't so sure about **Angelina Jolie**. Luckily, they have six months to decide!

Cocoon coats and high-waisted skirts help her conceal.

to be very involved. "He never does things halfheartedly, and having a kid is the same. They'll have some help, of course, but they're not going to be handing the kids off to nannies all the time — that's not their style. George was raised in a close family, and he wants to have a special bond with his own children. Otherwise, as he says, what's the point in having them?"

THEY WON'T STOP AT ONE!

Yes, he said *them*. The source explains that George and Amal are very likely to have more than one baby — and in short order. "George has a sister and Amal has a sister and two half brothers, so in an ideal world, they'd like for their child to grow up with a sibling."

And, the source adds, that's not only for the baby's sake: "George is planning on making the move from movies to politics, and having the perfect little family looks good to voters." In Amal, of course, he thinks

he's found the ideal partner for his ambitions (although some might say that she risks making people wonder why they can't vote for *her* instead — with her résumé, she's sure to make George look underqualified!). But a couple of supercute kids will complete the picture.

Right now, though, he's mostly focusing on more immediate concerns... like how completely his world is about to change. "Considering he believed he'd be a bachelor for the rest of his life, this is both exciting and a little scary," the source says.

Still, George is ready. "Vacations won't be exactly the same," the source says, "and there won't be nearly as many late nights and tequila shots, but he's had a lifetime of those." In fact, he's already begun to act like "the sensible one," the source reports. "His behavior is very cute; he's become so protective of Amal. He'll absolutely make a great father." **OK!**

OK! DRAMA

If there's one thing **Kris Jenner** hates, it's not being in control. So it's killing her that, after bossing **Bruce Jenner** around for decades, she is now faced with an ex-husband who's making his own life-altering decisions — and leaving her in the dark about how they will impact her. “The tension between these two,” says an insider, “is far worse than anything they dealt with in their marriage.”

The last straw? Bruce's big sit-down with **Diane Sawyer** on April 24, his first public statements about transitioning into being a woman. “Kris didn't want him to do the interview,” says another source. “She was genuinely afraid of the secrets he might lift the lid on. She tried to get him to tell her what he told Diane, but he ignored her calls. She is so

unbelievably angry right now, she says she'll never speak to him again.”

SECRETS AND LIES

Kris, 59, has good reason to be concerned about what Bruce will reveal. Though she and the 65-year-old former Olympian were married almost 24 years, there is no love lost between them at this point, and some friends and family (including Bruce's mother) were thrilled when they separated in 2013. “Kris ruined his life

and made a mockery of him,” says an insider. “She went against his wishes where **Kylie** and **Kendall** were concerned. Bruce wanted to protect them from the limelight, but Kris trained them from day one to be famous and ignore what their dad said. She also treated Bruce like another one of her children, controlling every aspect of his life, from the shoes he wore to the way he styled his hair.”

Once Bruce made his decision to undergo gender reassignment surgery, he “tasted real freedom for the first time,” says a source, “and it’s been amazing for him. He’s finding his own voice in every way possible.” That’s exactly what worries Kris: “Bruce could reveal how she knew about his cross-dressing and gender confusion for years, even though she’s pretending it’s a surprise to her,” says a source.

THE FINAL INSULT

On April 9, Kris tried once again to get a heads-up on what Bruce planned to tell the world by visiting him at his Malibu home, for the first time since his surgery. “She dragged along **Kourtney**, who’s replaced **Khloé** as Bruce’s favorite,” says a source. “They were there to film B-roll for *Keeping Up with the*

Kardashians, which Bruce is still contractually obligated to do. Kris was desperate to get information out of him, so she tried to stay civil and calm. But Bruce flat-out refused to tell her anything about his interview.” Instead, he spent time with Kourtney and her kids, **Mason**, 5, and **Penelope**, 2, and **Reign**, 4 months..

Kris was fuming over her inability to call the shots — underscored by the fact that she wasn’t asked to take part in the Diane Sawyer interview, though she had expected to be. “She couldn’t believe it,” says a source. “She even tried to call Diane several times but never got a response.”

For years, Kris has been “anything but supportive of Bruce,” an insider says, and now she is getting a taste of how that feels. “Bruce has the power to completely humiliate her, and it’s driving her nuts.”

OK!

FAMILY TIES BRUCE’S LIFE IS CHANGING, AND SO ARE HIS CLOSEST BONDS

As his marriage imploded and he distanced himself from the Kardashians, Bruce has worked to repair his relationships with other family members. “His mother and sons are now his only trusted confidantes,” says a source. “His mother has despised all things Kardashian since the beginning, and Bruce always took Kris’ side against her. Now he feels guilty and is trying to make up for lost time.” Bruce’s mom, Esther — who has called Kris “a controlling monster” — seems wary of his transition but has said “I love him, no matter what.” And Bruce’s sons, **Burt**, **Brandon** and **Brody**, are reportedly “fully on board” with whatever he wants.

Kris may not be supportive, but Bruce’s mom and sons Brody and Brandon are.

ANDREW & EMMA

WHY THEY SPLIT

AFTER A ONE-NIGHT STAND, **ANDREW GARFIELD** IS DESPERATE TO WIN **EMMA STONE** BACK

For more than three years, they've been one of Hollywood's cutest couples. So fans were stunned to learn in early April that **Andrew Garfield** and **Emma Stone** had quietly called it quits. But the reason for their breakup is even more shocking: According to a source, Andrew — who's been filming the upcoming movie *Silence* in Taiwan

since the beginning of February — confessed to Emma that he'd cheated on her while on location, and she responded by dumping him.

SHE'D BEEN SUSPICIOUS

"She was horrified," the source reveals. The 26-year-old actress had been worried about their relationship for a while, because — even allowing for the fact that they were an ocean

apart — Andrew, 31, had seemed unusually distant. "She basically called him out on his behavior and demanded to know exactly what was going on," the source says.

At first, he swore that he was just stressed out — he'd been "wrestling for weeks" with whether or not to come clean about his infidelity, the source says, adding, "He felt truly terrible about it." But, the source continues,

even after he confessed, Andrew insisted that it wasn't a full-blown affair: "He says that he met a girl in a bar and that it was a one-night stand, and that he would never dream of doing anything like that ever again."

HE RUINED EVERYTHING

Nevertheless, Emma, who the source says is "shocked, hurt and furious," isn't sure she believes him. "She never thought that he'd be capable of this in a million years, and she's beside herself," the source says, adding that while Andrew knew Emma would be angry, he didn't imagine that it would be the end of their romance. "He thought she'd forgive him."

Instead, she's been making plans to move out of the homes they shared in Los Angeles, New York and London. "Emma's getting all of her stuff together and looking for a new place in L.A.," the source says. "She wants to start fresh, in a house where she won't be surrounded by memories of him. She feels betrayed and says that she can't be with someone she doesn't trust. She knows that they

can't be together every second of every day and doesn't want to be constantly worried that he'll cheat again."

HE WON'T LET HER GO

Still, Andrew isn't giving up that easy. "He's in bad shape," the source says. "He's been drunk-dialing her, begging her to take him back, and she's started ignoring his calls and texts."

Of course, things weren't perfect between the two even before he strayed. Andrew's insecurities about the way his career was faring compared to hers led him to nitpick Emma about her spending habits, which she found particularly annoying because, after all, it was her money. But he's still convinced that there might be a

happy ending for them yet.

"Andrew is hoping that this will just be a short break, and then she'll give him another chance," the source says. Meanwhile, Emma's adamant that this is the end. "Maybe if he let her have a little more space, she would miss him," the source explains. "But right now, he's so desperate he's pushing her away."

THE REAL HOUSEWIVES OF ATLANTA

REUNION SECRETS REVEALED!

RHOA STAR KENYA MOORE DISHES ABOUT THE BOMBSHELL THREE-PART SHOWDOWN

PHAEDRA'S STILL MARRIED

With her husband, **Apollo Nida**, serving time in prison for fraud — and after a contentious marriage racked with cheating accusations — Southern belle **Phaedra Parks** told **Andy Cohen** she was “resolving to dissolve” her

marriage. But with Apollo serving eight long years, turns out she’s in no rush! “Phaedra hasn’t filed the divorce papers,” says an insider. “She and Apollo speak regularly, and it’s not clear if she’s actually going to file.”

KANDI CALLS NENE OUT

The tension between **Kandi Burruss** and O.G. Housewife **NeNe Leakes** was brewing all season. (After NeNe stormed out of a group therapy session, Kandi was the only one who opted out of sending her a video apology. “[The women] kiss her ass!”

Kandi said.) At the reunion, she lets NeNe have it. “Kandi was saying, ‘I don’t hate you, I just don’t like your attitude!’” **Kenya Moore** says. “I think we’ve all been in that place with her. It makes us feel like, ‘Well, if we’re not on your level, then why are you still here?’”

PORSHA'S AND CLAUDIA'S CLAWS COME OUT

Throughout the season, **Porsha Williams** and newbie **Claudia Jordan** played Ping-Pong with accusations about each other’s alleged promiscuity. By the reunion, Porsha was still livid that Claudia charged she’d slept with a married man. “All

that Claudia did was point out facts,” Kenya says. “We know Porsha accepted a Rolls-Royce from a married man! Claudia’s point was just, ‘Look, you’re laughing about me, but what you’re doing over there is not cool.’”

KANDI CRIES OVER PHAEDRA

They were once thick as thieves, but Kandi and Phaedra’s relationship took a beating this season when Phaedra felt Kandi wasn’t there for her as her marriage fell apart. Then, instead of telling Kandi directly, she went running to NeNe. The betrayal didn’t

sit well with Kandi, who was reduced to a puddle of tears come reunion time. “It’s a shame, because I think their real sisterly bond may be broken forever,” Kenya says. “When you’ve been really hurt, it’s hard to heal from that. I don’t know if they can.”

NENE BREAKS DOWN

NeNe’s psychologist **Dr. Jeff**, who led the group therapy session early in the season, shows up at the reunion and makes some hard-earned but meaningful progress with the grand dame of Atlanta. “NeNe has a breakdown and hopefully a breakthrough,” Kenya says. “The breakdown was needed.

She’s always so defensive, and it keeps her from seeing good in others. I think this humbled her and opened her eyes.”

OUT OF THE DARK

You know him best as the dashing yet deeply troubled 1960s advertising genius on *Mad Men*, which closes out its seven-season run in May.

But despite some dark days of his own — including the early deaths of his parents and a recent stay in rehab for alcohol abuse — **Jon Hamm**, 44, sees few parallels between himself and Don Draper. “He’s a very dismal, brooding guy, and I like to enjoy life and not be tormented,” Jon says. “But he was one of the greatest characters you could ever ask to play.” The acclaimed actor is now embarking on new adventures, including a series prequel to 2001’s raucous camp comedy *Wet Hot American Summer*, which will air on Netflix. Here, he talks about poignant endings and exciting new beginnings.

What’s it been like saying good-bye to Don Draper?

I’m privileged to have had this incredible experience and to have worked with so many very talented people. But I have no trouble saying good-bye to Don! I’ve lived with

this guy for nearly a decade, and it’s time to move on. Now that it’s over, I can look back and feel very proud of what *Mad Men* has accomplished.

Has your partner, Jennifer Westfeldt, given you advice or helped you deal with ending your time on *Mad Men*?

Well, Jen and I have been together for 17 years now, and everything that happens in our lives gets run by one or the other. So while there was no specific advice on how to deal with it, of course having a partner who is incredibly supportive of you is wonderfully helpful. After we wrapped, Jen and I went to Martha’s Vineyard for two weeks to

decompress. That was really nice.

LONGTIME COMPANIONS

Jon starred with his partner, Jennifer Westfeldt, in *Kissing Jessica Stein* and her directorial debut, *Friends With Kids*.

HAMMING IT

A CULT-LEADER CLASSIC

On Netflix’s *Unbreakable Kimmy Schmidt*, he plays the leader of an all-female doomsday cult.

IT'S A WRAP!
"I'm going to miss the friends I've made on the show," says Jon (with Elisabeth Moss and January Jones), adding that the *Mad Men* finale is "satisfying."

You lost your mother when you were 10 and your father when you were 20. Did those experiences help inform what you brought to the role of Don?

It's not something I exploit. What you experience in your childhood inevitably shapes you, but it's up to you to deal with the hard moments in life and move forward. I've struggled at times, especially after my father's death, when I was very depressed for a time. I think what does happen is that it teaches you how to pull your life back together and maybe makes you a bit wary of indulging too much in your happiness — you worry that things might fall apart. It's not something that ever leaves you, although you can move past it.

How have you dealt with becoming a sex symbol?

You're grateful for the exposure, but at

the same time you wish you didn't have photographers following you. I take it all with a grain of salt. I'm aware that I never had that kind of recognition until I became the star of a very well-written and acclaimed TV series. I also remember that I nearly didn't get the role because someone at AMC didn't think I was sexy enough!

Is it true you arrived in L.A. with only \$150 in your pocket?

Yes, I knew I could stay with my mom's sister for a while until I started earning money. I drove across the U.S. in my 1986 Toyota Corolla and loved every moment, listening to the radio stations change every few hundred miles or so. I stayed with friends along the way so I could have a free bed for the night. It was the best road trip I ever took. **OK!**

Pin into place and spritz with hairspray.

MOVIE PREVIEWS

THE AGE OF ADALINE

Blake Lively, Harrison Ford, Ellen Burstyn | PG-13 | April 24

To turn 100 years old and still look like **Blake Lively** doesn't seem like a tragedy, yet the premise of this romantic drama is still guaranteed to tug at your heartstrings. Blake stars as Adaline, a young mother who is rendered ageless after a car

accident. After she's spent decades hiding from the world, a handsome philanthropist (**Michiel Huisman**) sweeps her off her feet and draws her from her self-imposed exile, but a weekend at his parents' house threatens to expose her immortality.

ADULT BEGINNERS

Rose Byrne, Nick Kroll, Bobby Cannavale | R | April 24

Nick Kroll stars as Jake, a self-involved entrepreneur who opts to hide out in the suburbs with his pregnant sister Justine (**Rose Byrne**) and her husband (**Bobby Cannavale**) after a business venture goes horribly wrong. In exchange for a few months of couch-crashing, Jake volunteers to babysit the couple's 3-year-old son, Teddy. While viewers can expect some *Big Daddy*-esque high jinks from the uncle-nephew pair, the movie is ultimately a touching look at the bond between siblings and what does — and doesn't — change as you grow older.

Count on cameos from plenty of funny folks, including **Joel McHale** and **Jane Krakowski**.

COSTA RONIN STAR OF THE AMERICANS

OK! Q&A

Fans of Soviet spy drama *The Americans* will recognize **Costa Ronin** as KGB agent Oleg Burov. OK! catches up with the actor ahead of the nail-biting season 3 finale.

How has Oleg changed since last season?

When he first came to the Rezidentura, everyone dismissed him because he comes from a rich, politically connected family. But now viewers can see the man behind the façade and how much he really cares about Nina.

Have you gotten to know Keri Russell and Matthew Rhys, even though your characters haven't met?

We see each other on set, and they are both terrific. It would be an absolute gift

if we got to work together. Given the world that those characters exist in, it's quite unlikely. Oleg is a known KGB spy, and they are deep undercover as a suburban family. It would jeopardize their mission.

How much detail goes into creating a show that is set in the early '80s?

Our showrunner, **Joe Weisberg**, used to be a CIA operative, so we have access to information that other shows do not. The details start with him, but it takes the whole team to make sure everything, down to bumper stickers and the ads on TV, is right for the era.

Can you offer any clues about the finale?

Well, I don't want to spoil anything, but I can say there are still a few twists and turns left — and something big is going to happen.

Don't miss the dramatic season finale of *The Americans*, Wed., April 22, at 10 PM ET on FX.

SPECIAL REPORT

The Youth Hormone...

Everyone's talking about it. But can it really reduce body fat, increase lean muscle mass, boost mood, heighten sex drive, give you plenty of energy, get rid of wrinkles and tighten saggy skin?

Barbara just had another birthday.

She watches her diet, exercises when she can, and is in pretty good shape. In fact, she could be the poster child for the "Fountain of Youth" headline we see on the covers of fashion mags around the globe. What's her secret? It's not just the occasional Botox, peel or filler, or even her assortment of skin creams that could rival the anti-aging section of your local Sephora. Barbara, who was always "cutting edge," has become a believer in what is fast becoming the most popular (if not the most expensive) anti-aging treatment in the USA... Growth Hormone Therapy. —By Tiffany Strobel*

*i*t seems everyone is talking about human growth hormone lately. No less than the famed Dr. Oz began a recent show by asking his audience, "How many of you want to start feeling 20 years younger right now?" *Allure* magazine, in its "Anti-aging Special" issue, highlighted growth hormone as its year-end call-out. *Shape* magazine began a recent growth hormone article with the provocative lead in: "When you see a 50-year-old actress who can pass for 35, you can bet that good genes aren't the only things responsible for her

youthful glow." *Fox News*, *The Today Show*, *CNN*, *ABC*, and *CBS* have all contributed to the current frenzy.

VANITY FAIR says: "A 20-year-old produces more than twice as much hGH as [she] will when [she's] 40... hGH, by turning back the body clock, turns back the aging process."

DR. OZ says: “I have been searching for this from the day we started the show. I’ve been looking for ways of increasing hGH naturally because I don’t like getting the injections.”

Why all the fuss?

Simple. hGH disciples... and to many like Barbara, hGH therapy is truly a religious experience... believe hGH can help reduce body fat, increase lean muscle mass, boost mood, heighten sex drive, give them plenty of energy, get rid of wrinkles and tighten saggy skin... making them look and feel decades – not years, but decades – younger. Celebrities, CEOs, Wall Street execs, models, housewives, athletes and even some high-ranking politicians all seem to be drinking from the same pitcher of Kool-Aid. There’s no doubt about it; in our current fast-paced, “youth-oriented” culture, hGH therapy is hot.

The controversy

The controversy isn’t over whether or not hGH plays an essential role in our health and aging (virtually everyone already agrees on that). Instead, the controversy lies in the best way to maintain our body’s supply of human growth hormone. Until recently, most felt the best way was through expensive prescription injections (although costs can run as high as \$1500 per month). However, some experts argue against the use of these synthetic injections, because they fear introducing synthetic hGH into the body may upset natural hGH production.

The breakthrough

Because of growth hormone’s potential, researchers have spent the last thirty years searching for a reliable, clinically proven way to promote pituitary health, thereby increasing human growth hormone levels naturally. So it’s no surprise that when an oral compound capable of increasing mean, endogenous, bioactive, serum (blood) growth hormone levels... by 682%... was presented at the prestigious Obesity

Society’s most recent Scientific Meeting in Atlanta, Georgia, The Academy of Women’s Health’s 21st Annual Congress in Washington, D.C., and then again at The 9th World Congress of Cosmetic Dermatology held in Athens, Greece, it created a serious stir.

The revolution

The formula that was the subject of these research findings is now being sold by SanMedica International™ under the trade name SeroVital®. And when Dr. Oz disclosed that “a recent

added to the SeroVital mystique by issuing not one but **ten** U.S. Patents to protect the SeroVital formula from imitators.³

Thanks to the release of SeroVital, the hGH revolution has finally arrived. Now that there’s an easy-to-swallow capsule that can raise growth hormone naturally, an awful lot of people have stopped asking *if* they should be increasing their hGH levels and started asking which hGH-boosting option is right for them.

Is it worth it?

To me, anything that may reduce wrinkles, tighten saggy skin, decrease body fat, increase lean

SHAPE says: “When you see a 50-year-old actress who can pass for 35, you can bet that good genes aren’t the only things responsible for her youthful glow.”

study [on SeroVital-hgh] showed patients given a special blend of amino acids saw their hGH levels spike more than 6 times...” and added, “I have been searching for this from the day we started the show. I’ve been looking for ways of increasing hGH naturally because I don’t like getting the injections,” you can imagine the frenzy he created. Before long, SanMedica was having trouble keeping SeroVital in stock. It went from underground sensation to full-blown phenomenon. Even the United States Patent Office has

muscle mass, strengthen bones, and boost mood, while giving you plenty of energy and improving sex drive, is a no-brainer. However, make no mistake about it, the “established” medical community (and of course, they know everything) would say its benefits are largely anecdotal, and based on research that’s preliminary. But there’s no denying that something that has a chance of making you look and feel decades, not years, but DECADES, younger, is... at the very least... irresistible. Frankly, I’m ready to try it... How about you?

RETAILERS say: “Frankly, we haven’t seen this much customer excitement in years.”

So what’s the catch?

Dr. Amy Heaton, PhD, Director of Scientific Affairs for SanMedica International, says: “There are three. First, as with hGH injections, SeroVital is not a ‘magic bullet,’ but one part of a healthy lifestyle choice including a sensible diet and exercise regimen.

“Second, for proper absorption, you have to take SeroVital-hgh on an empty stomach. That means you either have to take it first thing in the morning and then not eat anything for two hours, or take it at night, at least two hours after your last meal... before you go to bed.

“And last but not least, while SeroVital is far less expensive than prescription hGH injections, it’s still not cheap... SeroVital will cost you about \$100 a month.”

Where can I get it?

Having a hard time finding SeroVital-hgh? It’s currently available at all Ulta stores, Kohl’s, and select GNC locations. Over the next few months it will be available on a limited basis at prestige retailers across the U.S.

Featured Product!

Can’t wait? You can order it directly from SanMedica International by calling 1-800-919-9364 or visit their website at www.SeroVital.com. Use the promo code HGH315 at checkout and shipping is free![†]

WHAT EVERYONE IS TALKING ABOUT NOW

IN THE PARK WITH GEORGE

DUE ANY MINUTE WITH THE LITTIEST ROYAL, **DUCHESS KATE** ENJOYED A PICTURE-PERFECT DAY WITH **PRINCE GEORGE**

She's about to be a mother of two babies under 2 years old; so before the madness begins, a heavily pregnant **Duchess Kate** squeezed in a few precious hours of quality time with her firstborn. On a recent outing to Snettisham Park, a farm and petting zoo a short drive from their Anmer Hall home, Kate and **Prince George** made a royally charming pair, as George played in the sand pit, charmed a gaggle of female toddlers and practiced barnyard animal noises with his adoring mum. And though the young prince has everything his estate-dwelling heart desires, he was in awe over the other children's gift-shop hauls — toy ducks, horses and cows, oh my.

The royal duo got down and dirty, playing in hay bales, taking a tandem ride down the playground slides, even bottle-feeding goats and pigs at the petting zoo. What a natural big brother George will be!

MOMMY AND ME

Kate's been making an extra effort to treat Prince George to some undivided attention before the baby comes (any day now!), recently taking the tot to London's Science Museum.

KIM'S NEW HEALTH KICK

THE REALITY STAR CLEANS UP HER DIET AND KICK-STARTS HER WORKOUTS IN HOPES OF HAVING BABY NO. 2!

Kim Kardashian will try anything to increase her chances of getting pregnant again — from having sex with hubby **Kanye West** “500 times a day” to overhauling her eating and exercise habits. Kim recently shared her new daily regimen, which starts with a 6 AM peek into **North**’s room before she heads out for a morning run. “I want to set an example [for North] to be

natural and healthy,” the 34-year-old reality star said. Her typical workout, which lasts “an hour, maybe an hour and 15 minutes total,” consists of 35 minutes of cardio on the trails or the treadmill, followed by a circuit of ab or leg exercises. As for whether Kanye’s hits feature on her motivational playlist? Nope! “I’ll listen to slow R&B songs or even classical music, which most people think is

bizarre,” said Kim.

But shedding weight isn’t all about the burn. Kim and Kanye also see a nutritionist, who changes up their diet every 10 days. “Kanye loves to eat really healthy and has a chef who cooks us breakfast in the morning and gets our meal plans together for the day,” she said. You know what they say: The couple that meal plans together....

Kanye regularly joins his wife for an early morning jog. Getting healthy “is a decision [we] made together,” says Kim.

TOUCHING THE SKY IN NYC

When spring arrives, New Yorkers scramble to find any scrap of outdoor space, and that usually means going up. The latest addition to NYC's rooftop bar scene, located — surprise! — in the Hilton Garden Inn Times Square, The Attic is a 5,000-square-foot, indoor-outdoor space (partly covered in glass) that boasts stunning views, a DJ and multiple fireplaces to combat an evening chill. Celebs like **Jenny McCarthy** have already stopped by to sample the fabulous drinks and food while overlooking the city lights.

A DREAM COMES TO BROADWAY

A-listers came out in droves to cheer Harvey Weinstein's latest production, *Finding Neverland*, on opening night at the Lunt-Fontanne Theatre. The new musical — which stars Tony nominees **Matthew Morrison** as *Peter Pan* creator **J.M. Barrie** and **Kelsey Grammer** as stage producer **Charles Frohman** — has earned rave reviews so far. Visit FindingNeverlandTheMusical.com for tickets.

PHONING IT IN

A longtime advocate for Dress for Success, which provides job resources to low-income women, **Vanessa Williams** stopped by Walmart to promote Success is Calling, the nonprofit's new initiative with TracFone that teaches phone interview skills. Through April, TracFone is donating 20 percent of Walmart handset sales to support the program.

OK! STAR SPOTTINGS

Scott Eastwood (right) ate dinner with friends at Hakkasan Las Vegas in the MGM Grand Hotel & Casino, enjoying steamed dim sum and black pepper rib eye... Owners Robert Caravaggi and Stephen Attoe hosted an art show featuring Christian Brechneff's Exotic St. Martin Flower Drawings at Swifty's in NYC.

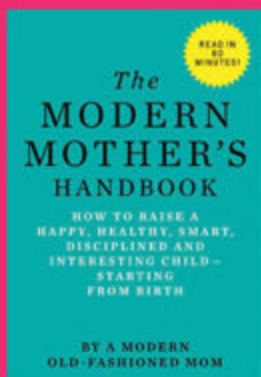

TEAM MOM

Mother of three Jennie Garth glowed on the Malibu set of a Motrin ad for its new "Make It Happen Weekends" campaign, aimed at inspiring women to share lifestyle advice. "My girls have seen me fall and get back up over and over in life," she said. "I'm not always right, but I'm always going to do the best that I can." Comforting words for all moms! (motrin.com)

A BIBLE FOR NEW MOTHERS

Anyone who's had a child knows parenting can be overwhelming, especially for first-timers. That's why a busy NYC mother of two chose to compile everything she learned in a fun-to-read new guide, *The Modern Mother's Handbook*. Packed with no-nonsense advice on topics from sleep-training to getting kids to eat their veggies, it's a go-to resource you'll be referring to for years. Bonus: You can read the whole thing in under an hour! (amazon.com)

HYDRATE SKIN FROM WITHIN

After age 25, your body's collagen levels begin to deplete at a rate of 1.5% per year. That means by age 40, you've already lost almost a quarter of the collagen your skin needs to be firm and smooth. So what can you do to help **stop the clock**? Lucky for you, we want to share three best kept beauty from within secrets for radiant, youthful skin.

1) **Supplement Hydrolyzed Collagen** to help stimulate the fibroblasts within your skin. This produces more collagen and supports your skin matrix for smooth, firm skin.*

"I was just really blown away by the difference!"

-Gigi Parker, Health&Wellness Blogger

2) **Start a skin diet.** Eating plenty of nutrient packed power foods such as fruits and vegetables can help your skin glow like never before. Fun food fact: Foods high in Vitamin C, like sweet potatoes, aid in collagen formation.*

3) **Hydrate from within.** You've heard it before for a reason. Drinking enough water is crucial to healthy skin. The "8 by 8 Rule" (eight 8oz cups of water daily) is a good rule of thumb, but factors such as exercise, environment, and health can change your necessary intake. There are many online hydration calculators you can use to find your optimal hydration intake.
